

LED^{IQ} BLE ACCESSORIES

oktalite

4 in 1 recessed sensor

passive infrared sensor (PIR)
 for ceiling installation
 suitable for the detection of movements
 for presence detection
 for measuring the brightness
 counts the switching actions (Heatmap)
 requires a ceiling cut-out of Ø 7.2 cm
Order number: 10239996 (01 white)

2 in 1 recessed sensor

passive infrared sensor (PIR)
 for ceiling installation
 suitable for the detection of movements
 for measuring the brightness
 requires a ceiling cut-out of Ø 2,6 cm
Order number: 10195266 (01 white)

2 in 1 sensor 3Ph track

passive infrared sensor (PIR)
 for use on 3-phase tracks
 suitable for the detection of movements
 for measuring the brightness
Order number: 10239997 (01 white)
Order number: 10239998 (05 black)

2 in 1 smart plug sensor

passive infrared sensor (PIR)
 suitable for the detection of movements
 for measuring the brightness
Order number: 10195265 (01 white)

LMS Cloud Gateway CAS bl BLE

Remote Control - Cloud Gateway
 Remote maintenance worldwide, for a Casambi network
 up to 250 participants. The gateway establishes the connection
 between our LED IQ BLE (Casambi) lights and the internet.
 Internet connection via Ethernet interface or via
 Wifi (2.4 GHz / 5.0 GHz) possible. Replaces the TK 10240003
 LMS Gateway 2Net HOL bl BLE in the portfolio
TK-Nummer: 10334005

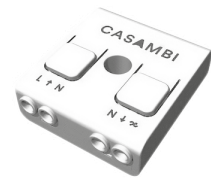

LMS TouchP + 24V UP PS THE bl BLE

Innovative touch panel (room control unit) with BLE interface
 as well as temperature and air quality (CO₂) display.
 Enables the central control of a BLE (Casambi network)
 via the 4.8" touch display. Up to 8 groups and 8 scenes
 can be controlled. The device has a 24 V power supply
 for the flush-mounted box. The device can thus be installed
 in front of the flush-mounted box.
TK-Nummer: 50287394

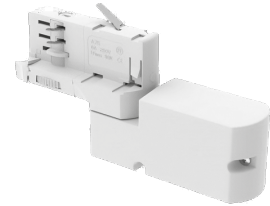

Mesh repeater

for installation in a false ceiling
to easily increase the BLE range
to bypass interfering factors, e.g. angled corners
Order number: 10240001

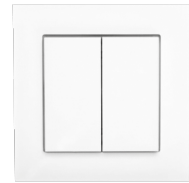

Mesh repeater

for use on 3-phase tracks
to easily increase the BLE range
to bypass interfering factors, e.g. angled corners
Order number: 10239999 (01 white)
Order number: 10240000 (05 black)

4 fold switch

Energy self-sufficient, works without batteries or similar
stores up to 4 scenes, groups, lights, functions
Order number: 10195262 (01 white)

4 fold switch

for wall boxes
stores up to 4 scenes, groups, lights, functions
Order number: 10195263 (01 white)

Time backup

Stores time of scenes, animations, dates, days, sunrise, sunset
for 19 hours in the event of a power failure
Order number: 10240002
